Designed as an alternative to our stainless steel bathing products, the Contour™ Supreme Reclining Bath Chair with the combination of ComfortMesh™ and Medical Grade PVC Base offers a comfortable seating environment with an extremely lightweight but stable foundation all without sacrificing functionality.

AVAILABLE COLORS

Beach Bubble Blue

Lionfish Lavender

Folds flat for convenient storage

BENEFITS

User Accommodation

- Provides parent or caregiver multiple bathing options with the simple push of a button (no tools required),
 - Five different seat to back angles can be adjusted on the fly (0°, 15°, 30°, 45°, 60° degrees) and
 - Three different leg to seat angles can be created (0°, -15°, -30°)
- Two standard positioning belts that can be used in multiple positions provide postural support.

Durable Materials

- Bacterial and fungal resistant ComfortMesh seat cover and Medical Grade PVC combine to provide a great long-term solution for daily bathing at home or in a clinical setting.

Optional Accessories

- Medical Grade PVC base available in two sizes that increase chair height by either 11" or 15"
- Additional belts and supports can be added to further enhance positioning efforts
